ABOUT ME

Product/Software Engineer with a background in International Relations (MA) and experience spanning diplomacy, customer operations, and software development. Transitioned from a diplomatic position, to leading Birdbuddy's Customer Engagement department and finally into full-stack engineering, bringing strong communication, cross-functional collaboration, and user empathy to technical work. Proficient in TypeScript, React, Next.js, and modern web development.

EDUCATION

Master of International Relations - EQF Level 7

Faculty of Social Sciences, University of Ljubljana (Slovenia) and Instituto Superior de Ciencias Sociais e Politicas at University of Lisbon (Portugal)

EXPERIENCE

- **Product Engineer @ Birdbuddy Inc.** from 8/2024 – current
BirdBuddy Inc., Ljubljana (Slovenia) & Kalamazoo (US)

Stack: Typescript, React (and Next), React Native, Expo, GraphQL, Posthog, AI SDK, Asana (or JIRA), Turborepo, Sentry, Mixpanel, TailwindCSS

Full-stack Product Engineer building and maintaining customer-facing apps (mobile and web), an internal admin CMS, AI-powered nature chat features, and shared component libraries. Responsible for end-to-end feature delivery including testing on Web and Mobile, CI/CD, and analytics integration.

- **Head of Customer Engagement @ Birdbuddy Inc.** from 2/2024 – 8/2024
BirdBuddy Inc., Ljubljana (Slovenia) & Kalamazoo (US)

Leading Customer Engagement department (Technical Support, Customer Support and QA) while at the same time being the Tech Support / QA Team Lead.

- **Tech Support @ Birdbuddy Inc.** from 1/2023 – 2/2024
BirdBuddy Inc., Ljubljana (Slovenia) & Kalamazoo (US)

Technical Support at Birdbuddy. Focusing on providing technical support to customers, QA and development team.

Professional Experience prior to 2023

- **IT Consultant and Product Specialist @ Advisera Expert Solutions Ltd.**
Zagreb (Croatia) – from 4/2022 to 12/2022
- **Diplomat and Project Co-lead @ Ministry of Foreign Affairs**
Ljubljana (Slovenia) – from 12/2019 to 4/2022

ADDITIONAL INFORMATION & HOBBIES

Knowledge of information technology (IT) and computer software with professional experience in software development (React, Next and other front-end technologies). Avid footballer and gym enthusiast. I am extremely result driven, love being an individual contributor, but can also excel in team-focused environments.

Open to remote work and relocation.
